To Whom it May Concern,

Re: Company Reference

We at McGees Property (NSW) Pty Limited are Property Consultants, Valuers and Asset Managers and we act on behalf of a large number of clients within the CBD and the greater Sydney area.

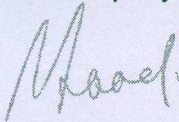

In our role we undertake to manage and bring on time and in budget major works within our real estate portfolio, and in doing this we ensure that we have the best of trades people to act on behalf of our firm and our clients.

We can confirm that in using Mr Glen Vandenhoeck, Director of Hooky's Roofing Pty Limited in regard to our major works program ranging from thousands to hundreds or thousands of dollars, that his professionalism, honesty and integrity can never be questioned, he has shown that he works as if he would his own personal buildings.

We have had nothing but good comments from businesses operating in normal working hours that he has never disturbed their business operation through the normal works when being carried out.

We have no hesitation in recommending Mr Vandenhoeck to any company in Australia.

Yours faithfully
McGees Property

Norman Saad
Senior Commercial Property Manager
